KEAST & HOOD
STRUCTURAL ENGINEERS

1635 Market Street, Suite 1705
Philadelphia, PA 19103
215.625.0099 **keasthood.com**

Structural Designer

BS or MS engineering degree | EIT or pursuing EIT certification

Start your career with practical experience in the analysis and design of buildings. Working under the guidance of licensed engineers, you will contribute to project teams while developing your understanding of structural systems, construction documents, and existing buildings.

What you will do

- Prepare structural calculations and assist with analysis and design.
- Help develop drawings and details in coordination with engineers and BIM modelers.
- Assist with site observations, field documentation, and evaluations of existing structures.
- Support construction administration through submittal reviews and responses to project questions under supervision.
- Participate in mentoring, training, and project reviews.

What you bring

- BS or MS in civil, structural, or architectural engineering, with an emphasis on structures.
- Engineering Intern (EI) certification or active pursuit of EI certification
- A foundation in structural analysis and engineering mechanics.
- Clear communication, attention to detail, and a willingness to ask questions and learn.

If you're passionate about shaping the built environment and contributing to projects that stand the test of time, we want to hear from you. Our office is based in Center City, Philadelphia.

This is an exciting time to join our growing firm and make an impact!

Email your resume to **mail@keasthood.com** and include the position title in the subject line.
Our office is located at **1635 Market Street, Suite 1705, Philadelphia, PA 19103**.

Keast & Hood is an equal opportunity employer. We welcome applicants with different backgrounds and perspectives who share our commitment to thoughtful engineering and respectful collaboration.
